June 2nd, 2020 - Island is the final book by English writer Aldous Huxley published in 1962. It is the account of Will Farnaby, a cynical journalist who is shipwrecked on the fictional island of Pala. Island is Huxley's utopian counterpart to his most famous work, the 1932 dystopian novel *Brave New World*. The ideas that would be seen in *Island* can be seen in a foreword he wrote in 1946 to a new edition of *Brave New World*.
