### 'Redefining Competition in Health Care

December 27th, 2019 - What Happened Zero sum competition in health care is the consequence of a series of unfortunate strategic choices made by nearly all the actors in the system?encouraged and in some cases reinforced by bad incentives introduced through government regulation"More on Regulation A Reply to Stephen Weiner CORE

March 26th, 2019 - Mr Weiner argued that health care regulation is here to stay and called for renewed efforts to clarify and implement appropriate relationships between health care regulation and 1 health care rationing 2 health care planning and 3 health care competition"Rationing Health Care Independent Institute

December 17th, 2019 - For many price controls may seem like a tempting solution to holding down health care costs However past attempts at price controls teach us a very different lesson this is one government policy guaranteed to do more harm than good In fact throughout history price controls have been a notorious flop bringing on economic stagnation and"Health Care The Road to Rationing The Atlas Society

August 9th, 2009 - From the start government tried to control the costs of medical and hospital care by rationing that care Such rationing was part of the iron logic of the 'right to health care' ? If there is a 'right to health care' ? then government must be its upholder?as it upholds traditional natural rights to life liberty and property"Debunking Republican Healthcare Myths Wait Times

December 26th, 2019 - We also have a form of rationing unique to the United States It's called I can't afford health care so I'm shit out of luck CNBC reports that 12 of American adults lack health insurance altogether and a 2009 study by Andrew Wilper et al found that 45 000 Americans die each year due to lack of health insurance'
