panther project volume two engine and turret

May 12th, 2020 - the second volume in the panther project series detailing the incredible restoration being carried out on a panther ausf a in the workshops of the wheatcroft collection this volume prises 208 pages covers the period 2009 2018 and concentrates on the restoration of the turret and its contents the maybach 230 p30 engine and various ponents of the cooling and fuel systems'

'panther global wiki wargaming net

May 14th, 2020 - this arrangement was a slight weakness as traversing the panther s turret rapidly onto a target required close coordination between the gunner and driver who had to run the engine to maximum speed by parison the turret of the m4 sherman turret traversed at up to 360 degrees in 15 seconds and was independent of engine speed which gave it an advantage over the panther in close quarters'
