'law and economics

October 20th, 2019 -
law and economics or
economic analysis of
law is the application
of economic theory

specifically
microeconomic theory
to the analysis of law
that began mostly with
scholars from the
chicago school of
economics economic
concepts are used to
explain the effects of
laws to assess which
legal rules are
economically efficient
and to predict which
legal rules will be
promulgated' **law of
markets dedicated to
the economics and
