HQ

July 13th, 2018 -
There are times that
tenons will get in
the way of each other
weakening the entire
joinery area This
issue can be
particularly common
on a queen post truss
where the tie beam

rafter and post
collide'

'Joinery

WoodSolutions

July 10th, 2018 -
Timber joinery
products offer a
classic unique and
stylish touch to any
interior or exterior
design The products
are produced for a
variety of internal
applications
including door and
window frames
cabinetry skirtings
mouldings and
architraves'

Beam Barns The Barn
Yard amp Great**

July 11th, 2018 - The
strongest geometric
shape in engineering
is the triangle
Kneebrace joinery
creates a triangle
where the post meets
the beam This
provides rigidity to
the frame and is one
of the reasons why
timber frames are so
strong'
