'instrumental gems of the 60 s various
artists songs

June 4th, 2020 - a good concept for a
collection one that will appeal to many
rock listeners although this is mostly
not rock two cds and 40 tracks covering
most of the biggest non rock instrumental
hits of the 60s songs that were played on
the am dial right next to the beatles and
motown think of the biggest songs of the
type from the era and they re likely to
be here love is blue paul mauriat''
