Schlumberger Announces First Quarter 2014 Results

December 8th, 2019 - PowerDrive Archer technology enabled the well to be landed as per plan overcoming challenges faced by conventional drilling methods in achieving the necessary build up rates In the same well the PowerDrive X6 rotary steerable system was deployed to drill the longest lateral section to date in a single run on a shale gas well in Poland''**Schlumberger**

launches slimhole high build rate rotary

April 2nd, 2013 - AMSTERDAM Schlumberger announced today the release of the slimhole PowerDrive Archer high build rate rotary steerable system RSS The new RSS delivers build rates of up to 18° 100 feet ft with full directional control and dogleg assurance for complex 3D well profiles and multilateral well designs'

'?PowerDrive RSS on the App Store

December 26th, 2019 - Detach from your computer and improve efficiency using the PowerDrive App Intuitive and easy to use allow directional driller to perform a complete PowerDrive job with nothing but their mobile phone Choose your PowerDrive Orbit X6 or Archer tool to calculate pad pressure or run downlink commands' 'Schlumberger releases PowerDrive Archer high build rate RSS

August 2nd, 2011 - Schlumberger announced the release of its PowerDrive Archer high build rate rotary steerable system RSS The system delivers well profiles previously possible only with motors and with the ROP and wellbore quality of a fully rotating RSS The system can drill complex 3D trajectories and openhole sidetracks from any inclination It can drill'

'Schlumberger introduces PowerDrive Archer Offshore

February 28th, 2011 - AMSTERDAM the Netherlands ? Schlumberger has released PowerDrive Archer a high build rate rotary steerable system The system can drill complex 3D trajectories and open hole side tracks from any inclination says Schlumberger It can drill vertical and horizontal sections in one run with no'
