'art glass paperweights

collectors weekly

June 1st, 2020 - some of the earliest paperweights were made in venice in the 1840s they were gathered together out of scraps of latticino and other types of cane as well as chunks of aventurine quartz which would be picked up by a ball of hot glass at the end of a

pipe covered with more clear glass and then fashioned into a smooth cylinder the glass was of poor quality and the collection of
