**rhythmic structure in music a study of the perception of  
April 2nd, 2020 - the thesis investigates the perception of  
musical metre and phrasing which together form a  
hierarchical rhythmic structure represented in tree  
diagram form rather than study human perceptual  
processes a mechanistic approach is adopted it is shown  
that the most likely rhythmic structure of a passage can  
be generated largely from the pitch and durational  
information in scores through the'
