'the physics of sorrow by gei gospodinov

May 10th, 2020 - gospodinov s the physics of sorrow is a labyrinthine novel if we might call it that it is the story of a narrator who identifies with the minotaur and who can t help but digress into a million little side stories and observations as he is telling his story which in the end has diverted so much from its initial premise that it is clear gospodinov s minotaur has not found a way out of the labyrinth'

'theodore ushev the physics of sorrow my animated time

May 28th, 2020 - in some ways the physics of sorrow inspired by gei gospodinov s novel of the same name is a culmination of theodore ushev s work to date an epic pained and deeply personal musing on the aches of a generation of people in exile not specifically from a homeland though that is true in ushev s case but from themselves and each other skirting through a maze of fleeting memories'

'*gei gospodinov*

June 1st, 2020 - *gei gospodinov bulgarian ?????? ?????????? born january 7 1968 in yambol is a writer poet and playwright based in sofia bulgaria one of the most translated bulgarian authors after 1989 he has four poetry books awarded with national literary prizes first of them lapidarium 1992 won the national debut prize volumes of his selected poetry came out in german'*

May 20th, 2020 - blind vaysha was based on a short story by gospodinov whose magnum opus the physics of sorrow 2012 won three national awards in bulgaria the latter book made gospodinov a name of international fame translated in many languages ushev s film tracks an unknown man s life as he sifts through memories of his youth in bulgaria through to his increasingly rootless and melancholic adulthood'

'the physics of sorrow gei gospodinov

April 16th, 2020 - the physics of sorrow is at its most successful when the focus isn t on appearances and on gospodinov s actual experiences but rather when he lets the minotaur out or ventures into the labyrinth not that it s not successful otherwise too but the transcendent is beyond the personal and while gospodinov repeatedly reaches for it here in often marvelous detail he is dipping his toe in rather than taking the necessary plete plunge'
