how to accuracy test a rifle part one guns and ammo  
June 2nd, 2020 - accuracy testing a rifle begins with  
building a good shooting position too often shooters  
so focused on shooting and what s happening at the  
target that they never learn how to create a solid  
shooting foundation without that foundation we  
introduce accuracy degrading variables into our marks'

'the 10 shot rule for determining handload accuracy  
June 1st, 2020 - if we were to shoot one 10 shot group  
there is a very good chance that that group will  
contain at least one bad shot and not be a true  
representation of the handload s accuracy potential  
this is why most shooters fire at least three groups  
of less than 10 shots when testing rifles and  
ammo''shooting times guide to accuracy how to be a
