'**whelk**

May 31st, 2020 -
whelk is a mon name
that is applied to
various kinds of
sea snail although
a number of whelks
are relatively
large and are in
the family
buccinidae the true
whelks the word
whelk is also
applied to some
other marine
gastropod species
within several
families of sea
snails that are not
very closely
related many have
historically been
used or are still
used by humans and
other animals'
