New High Torque 24DCT Coreless Brush DC motor portescap com

December 26th, 2019 - The 24DCT miniature motor features Portescap's proven energy efficient coreless design with an optimized self supporting coil and magnetic circuit New High Torque 24DCT Coreless Brush DC motor portescap com' Athlonix High Power Density Brush DC Motors by Portescap

September 26th, 2019 - Learn more about Portescap s Athlonix high power density DC Coreless Brush Motors Get up close and personal with a behind the scenes look at our Athlonix series of motors Learn about their unique internal design including coil differences magnets regulation factor and more Athlonix motors are perfect for battery powered'

'Brush DC Motors Portescap New Equipment Digest

November 18th, 2019 - Portescap introduces the 22NT Athlonix Brush DC Miniature motor The new 22NT motors offer excellent power to weight ratio ensuring high battery life while providing high power up to 12 7W This enables OEMs to build smaller lighter and higher performing machines and devices'Coreless Dc Brush Motors Offer Power and Compact Size January 7th, 2009 - Coreless Dc Brush Motors Offer Power and Compact Size a Danaher Motion Co based in West Chester Pa portescap.com use a coreless design with a self supporting coil and magnetic circuit to deliver maximum power density over the life of the motor Output power is rated at 9 W and scales with motor frame size which are available in 12"Application Torque Range Portescap

December 19th, 2019 - In our blog post DC Coreless Speed vs Torque Curves we talked about how to read speed vs torque curves and the linear relationship of speed and torque for a DC motor When comparing speed vs torque curves for various motors the range of torque required in the application should be identified to ensure a proper comparison'

'22N78 Athlonix Brush DC Motor Portescap

December 12th, 2019 - The 22N78 Athlonix brush DC motor is a coreless high power density motor with an ironless construction capable of delivering a torque greater than 13 mNm and reaching up to 90 efficiency'
