'A survey tool for
measuring evidence
based decision making
April 30th, 2020 -
While increasing
attention is placed on
using evidence based
decision making EBDM
to improve public
health there is little
research assessing the
current EBDM capacity
of the public health
workforce Public
health agencies serve
a wide range of
populations with
varying levels of
resources Our survey
tool allows an

individual agency to collect data that reflects its unique workforce

Health' 'Screening for social determinants of health in clinical

April 29th, 2020 -

Screening for the social determinants of health in clinical

practice is still

widely debated A

scoping review was

used to 1 explore the

various screening

tools that are

available to identify

social risk 2 examine

the impact that

screening for social

determinants has on

health and social

outes and 3 identify factors that promote the uptake of screening in routine clinical care Over'

'The Code Professional standards of practice and behaviour

May 3rd, 2020 - The Code Y Cod Cymraeg presents the professional standards that nurses midwives and nursing associates must uphold in order to be registered to practise in the UK It is structured around four themes ?

prioritise people
practise effectively
preserve safety and
promote

professionalism and
trust'

**'Meditation In Depth
NCCIH**

May 2nd, 2020 -

Meditation is a mind
and body practice

There are many types
of meditation most of
which originated in
ancient religious and
spiritual traditions

Some forms of
meditation instruct
the practitioner to
be mindful of
thoughts feelings and
sensations and to
observe them in a
nonjudgmental way

Meditation In Depth'
